

A Wonderland of Technology and Art

廣達文教基金會
Quanta Culture & Education Foundation

About The Foundation

- Established in 1988, Quanta Computer today is the largest (1/3 market share) notebook computer ODM company in the world.
- The Quanta Culture & Education Foundation was established in October 1999 with the goal of promoting culture.
- The Mission of the Foundation is **Equal Prosperity In Culture**, we believe everyone has the right to access cultural resources. Therefore we collect and integrate all resources and provide educational exhibitions and programs for schools with **free** charge.

Awards

- 2000-2006 Awarded the 3th-8th Wenxin Golden Award

Wenxin Golden Award was established in 1998 by Taiwanese government, the prize is awarded to those enterprises and persons who devote themselves to supporting and sponsoring art.

- 2002 CEO Barry Lam (of Quanta Group) awarded the 5th Wenxin Silver Award

Award Awarded the 2002 Outstanding Organization for Promoting Social Education
